THE SELECTION YOU NEED, THE SERVICE YOU DESERVE.

# THE GO TO SUPPLEMENT FOR DRY EYE SYMPTOMS O3+Maqui™

Omega-3 with Maqui Berry

O3+Maqui™ is an innovative supplement that is formulated with two key ingredients, Omega-3 and MaquiBright®, that help to combat dry eye symptoms, support eye health and promote healthy tears.△

- ASSISTS WITH TEAR FILM STABILITY△
- MAY REDUCE INFLAMMATION△
- MAY RESTORE FUNCTION OF THE LACRIMAL GLAND△

O3+Maqui is formulated with 2745 mg of purified, highly-refined Omega-3 fish oil in a re-esterified triglyceride form to improve tear concentration, assist with tear film stability and help reduce inflammation.△

Each O3+Maqui softgel contains 100 mg of MaquiBright, the purified extract of maqui berries. In clinical trials, subjects with moderate dry eye symptoms who took 60mg daily of MaquiBright saw a significant increase in tear production and improvements in dry eye related symptoms.

## Fluorescein & Staining

**Fluorescein Sodium & Benoxinate** Fluorescein Sodium 0.25% & Benoxinate HCl 0.4% Ophthalmic Solution.

213014	Fluorescein Benoxinate with Glass Dropper	5mL
--------	---	-----

**Fluorescein Sodium** Fluorescein Sodium Injection. Compare to Fluorescite™, Angiofluor™.

204112	AK-Fluor™ Lite	10%	12 x 5mL Vial
--------	----------------	-----	---------------

204111	AK-Fluor™ Lite	25%	12 x 2mL Vial
--------	----------------	-----	---------------

**Customized Fluorescein Angiography Kit** A customized kit for fluorescein angiograms. Each kit contains your choice of: 10% or 25% dye; 21g, 23g, or 25g winged infusion set; 3, 5, or 10cc syringe with needle. All kits include 2 alcohol prep pads and 1 bandage.

Customizations are also available - contact us for more information on pricing and configuration options.

**Indocyanine Green** Sterile Indocyanine Green; Contains no more than 5.0% Sodium Iodide.

204203	ICG Indocyanine Green Injection	6 x 25mg
--------	---------------------------------	----------

204204	ICG Indocyanine Green Injection	25mg
--------	---------------------------------	------

## Gonioscopy Solution

**Gonioscopic Solution** Hydroxypropyl Methylcellulose 2.5%. Compare to Goniosol™.

213053	Goniovisc™ Gonioscopic Solution	15mL
--------	---------------------------------	------

213052	Gonak™ Gonioscopic Solution	15mL
--------	-----------------------------	------

**Gonioscopic Solution Holder** Acrylic gonioscopic solution holder maintains the solution inverted, minimizing bubbles.

414714	Gonioscopic Gel holder - Acrylic	Each
--------	----------------------------------	------

PHARMACEUTICALS

## Diagnostic Strips

**Fluorescein Sodium Strips** Fluorescein sodium sterile ophthalmic strips for evaluating contact lens fittings, corneal and conjunctival problems, and applanation tonometry.

213201	GloStrips™ Fluorescein Strips	1.0mg	100 per box
213202	GloStrips™ Fluorescein Strips	0.6mg	300 per box
213071	Ful-Glo™ Fluorescein Strips	0.6mg	300 per box
213101	BioGlo™ Fluorescein Strips	1.0mg	100 per box
213102	BioGlo™ Fluorescein Strips	1.0mg	300 per box

**Rose Bengal Strips** Rose Bengal ophthalmic strips for evaluating corneal and conjunctival problems.

213204	GloStrips™ Rose Bengal Strips	1.3mg	100 per box
--------	-------------------------------	-------	-------------

**Tear Test Strips** Schirmer style tear test strips used for evaluating and recording tear volume.

213203	Tear Flow Test Strips with Scale (Compare to Schirmer)		100 per box
--------	--	--	-------------

**Zone Quick™** Phenol red thread tear test strip is a rapid and accurate tear volume test that yields objective, repeatable results. Each sterile package contains two easy to handle, easy to read color changing cotton threads labeled with a millimeter ruler to measure zones in seconds. The product design and quick 15 seconds per eye increases patient comfort and practice efficiency. Zone Quick minimizes false readings often obtained from reflex tearing.

213501	Zone Quick™ Phenol Red Thread Tear Test		50 x 2 per box
--------	---	--	----------------

**pH Test Strips** Hydrion pH test papers measure the pH of a solution. To use, tear off a strip of pH paper, dip into test solution, and match immediately to color chart.

213811	Hydrion Insta-Chek	Range: 0.0-13.0	2 x 15' rolls
213802	Hydrion MicroFine	Range: 6.0-9.5	2 x 15' rolls

**The more you order, the more you save!**

Volume Discount Pricing is available by calling our customer care representatives who will assist you in placing your order.

## Mydriatics & Cycloplegics

**Phenylephrine** Phenylephrine HCl acts locally as a potent vasoconstrictor and mydriatic by constricting ophthalmic blood vessels and contracting the radial muscle of the iris.

218602	Phenylephrine HCl Solution	2.5%	15mL
218601	Phenylephrine HCl Solution	10%	5mL

**Tropicamide** An antimuscarinic drug that produces short acting mydriasis and cycloplegia in preparation for examination.

218411	Tropicamide Solution	0.5%	15mL
218412	Tropicamide Solution	1.0%	15mL

**Cyclopentolate** A cycloplegic that blocks cholinergic muscarinic receptors, which temporarily paralyzes accommodation by relaxing the ciliary muscle and sphincter muscle of the iris. Used in the refraction of children and therapy of iritis.

218312	Cyclopentolate Solution	1.0%	2mL
218511	Cyclopentolate Solution	1.0%	15mL
218200	Cyclogyl® Solution	0.5%	15mL
218202	Cyclogyl® Solution	2%	15mL

**Cyclomydril™** Cyclopentolate HCl 0.2% & Phenylephrine HCl 1.0%

218300	Cyclomydril™ Solution		2mL
218301	Cyclomydril™ Solution		5mL

**Atropine Sulfate** Temporarily paralyzes the accommodation reflex and dilates the pupils. Generally used as a therapeutic mydriatic due to its prolonged duration and increased side effects.

218107	Atropine Sulfate Solution	1.0%	2mL
218101	Atropine Sulfate Solution	1.0%	5mL
218103	Atropine Sulfate Solution	1.0%	15mL
218102	Atropine Sulfate Ointment	1.0%	3.5gm

**Paremyd®** Hydroxyamphetamine hydrobromide 1.0%, Tropicamide 0.25% ophthalmic solution. For mydriasis in routine diagnostic procedures and in conditions where short term pupil dilation is desired.

218701	Paremyd® Solution		15mL
--------	-------------------	--	------

PHARMACEUTICALS

## Irrigating Solutions

**Eye Wash** Ophthalmic Irrigating solution.

217002	Eye Wash Irrigating Solution	1 oz
217003	Eye Wash Irrigating Solution	4 oz

**Balanced Salt Solution** Sterile Isotonic Irrigating Solution.

217100	Balanced Salt Solution	15mL
217103	Balanced Salt Solution	500mL

**Sterile Water** Sterile water for irrigation.

217201	Sterile Water	250mL
217202	Sterile Water	500mL
217203	Sterile Water	1000mL

## Hypertonics

**Sodium Chloride** Sodium Chloride Hypertonic. Compare to Muro 128®

215111	Sodium Chloride Ointment	5%	3.5gm
215112	Sodium Chloride Solution	5%	15mL

## Miscellaneous Injectables

**Sterile Water** For injection.

216302	Sterile Water Injectable	20mL
216303	Sterile Water Injectable Bacteriostatic	30mL

**Sodium Bicarbonate** For injection.

216500	Sodium Bicarbonate Injectable	8.4%	50mL
--------	-------------------------------	------	------

**Sodium Chloride** For injection.

216203	Sodium Chloride Bacteriostatic	0.9%	10mL
216205	Sodium Chloride Bacteriostatic	0.9%	30mL
216202	Sodium Chloride Preservative-Free	0.9%	10mL
216206	Sodium Chloride Preservative-Free	0.9%	20mL

## Combination Anti-Infective/Anti-Inflammatory

### Neomycin Polymyxin B Sulfate Dexamethasone Compare to Maxitrol®.

208101	Neomycin Polymyxin B Dexamethasone Ointment		3.5gm
208201	Neomycin Polymyxin B Dexamethasone Solution		5mL

### Sulfacetamide Sodium 10% Prednisolone Sodium Phosphate 0.23% Compare to Vasocidin®.

208203	Sulfacetamide Sodium Prednisolone Sodium Phosphate Solution		5mL
--------	---	--	-----

## Anti-Inflammatories

### Diclofenac Sodium Topical non-steroidal. Compare to Voltaren®.

209600	Diclofenac Sodium Solution	0.1%	2.5mL
209601	Diclofenac Sodium Solution	0.1%	5mL

### Prednisolone Acetate Topical steroid. Compare to Pred Forte®.

209401	Prednisolone Acetate Suspension	1.0%	5mL
--------	---------------------------------	------	-----

### Fluorometholone Topical steroid. Compare to FML®.

209301	Fluorometholone Suspension	0.1%	5mL
209302	Fluorometholone Suspension	0.1%	10mL

### Prednisone Tablets Oral steroid. Compare to Deltasone®.

210812	Prednisone Tablets	20mg	100/Bottle
--------	--------------------	------	------------

### Kenalog® Triamcinolone Acetonide Injectable Suspension.

210401	Kenalog® Injectable	10mg/mL	5mL Vial
210403	Kenalog® Injectable	40mg/mL	1mL Vial
210404	Kenalog® Injectable	40mg/mL	5mL Vial
210402	Kenalog® Injectable	40mg/mL	10mL Vial

### Dexamethasone Sodium Phosphate Injection.

210301	Dexamethasone Injectable	4mg/mL	1mL Vial
--------	--------------------------	--------	----------

## Anti-Infectives

**Erythromycin** Wide spectrum macrolide antibiotic for ophthalmic use.

206201	Erythromycin Ophthalmic Ointment	0.5%	3.5gm
206202	Erythromycin Ophthalmic Ointment	0.5%	50 x 1gm

**Ofloxacin** Quinolone antibiotic used to treat eye infections, including conjunctivitis, and ulcers of the cornea. Compare to Ocuflax™.

206531	Ofloxacin Topical Solution	0.3%	5mL
206533	Ofloxacin Topical Solution	0.3%	10mL

**Tobramycin** Wide spectrum antibiotic.

206711	Tobramycin Topical Solution	0.3%	5mL
--------	-----------------------------	------	-----

**Ciprofloxacin** Fluoroquinolone antibiotic used to treat eye infections.

206561	Ciprofloxacin Topical Solution	0.3%	2.5mL
206562	Ciprofloxacin Topical Solution	0.3%	5mL

**Polymyxin B Sulfate and Trimethoprim** For treatment of surface ocular bacterial infections. Compare to Polytrim®.

206704	Polymyxin B Sulfate and Trimethoprim Ophthalmic Solution		10mL
--------	--	--	------

**Bacitracin** Effective against many gram-positive pathogens and certain gram-negative organisms. It is ineffective against fungi.

206101	Bacitracin Ophthalmic Ointment		3.5gm
--------	--------------------------------	--	-------

**Bacitracin Zinc Polymyxin B Sulfate** Wide range antibiotic due to overlapping spectrum of combination active ingredients. Compare to Polysporin™.

206102	Bacitracin Zinc Polymyxin B Sulfate Ointment		3.5gm
--------	--	--	-------

**Gentamicin** An aminoglycoside antibiotic used to treat many bacterial infections, particularly those caused by gram-negative organisms.

206303	Gentamicin Solution	0.3%	5mL
206300	Gentak® Solution	0.3%	5mL
206301	Gentak® Ointment	0.3%	3.5gm
207101	Gentamicin Injectable	40mg/mL	2mL

## Glaucoma Agents and Miotics

**Acetazolamide** In the treatment of glaucoma, acetazolamide reduces the production of aqueous humor, reducing intraocular pressure. Compare to Diamox®.

214811	Acetazolamide Tablets	250mg	100ct
--------	-----------------------	-------	-------

**Brimonidine Tartrate** Acts via decreasing synthesis of aqueous humor and increasing the amount that drains from the eye through uveoscleral outflow. Compare to Alphagan® and Alphagan-P®.

214412	Brimonidine Tartrate Solution	0.2%	5mL
214413	Brimonidine Tartrate Solution	0.2%	10mL
214414	Brimonidine Tartrate Solution	0.2%	15mL

**Apraclonidine** Apraclonidine is an  $\alpha_2$ -adrenergic agonist and a weak  $\alpha_1$ -adrenergic receptor agonist. Compare to Iopidine®.

214110	Apraclonidine Solution	0.5%	5mL
--------	------------------------	------	-----

**Pilocarpine HCl** Pilocarpine Hydrochloride Solution.

214202	Pilocarpine Hydrochloride Solution	1%	15mL
214203	Pilocarpine Hydrochloride Solution	2%	15mL
214205	Pilocarpine Hydrochloride Solution	4%	15mL

**Timolol Maleate** Timolol Maleate is used to treat open-angle and occasionally, secondary glaucoma by reducing aqueous humor production through blockage of the beta receptors on the ciliary epithelium. Compare to Timoptic®.

214311	Timolol Maleate Ophthalmic Solution	0.5%	5mL
214312	Timolol Maleate Ophthalmic Solution	0.5%	10mL
214314	Timolol Maleate Ophthalmic Solution	0.5%	15mL

## Emergency Response

**Epinephrine** Epinephrine injection. Junior and 2-packs also available. Compare to Epi-Pen.

220201	Epinephrine Auto-Injector	0.3mg	
--------	---------------------------	-------	--

**Ammonia Inhalants**

220301	Ammonia Inhalants		10/Box
--------	-------------------	--	--------

PHARMACEUTICALS

## Anesthetics, Topical

**Proparacaine HCl** A topical anesthetic prepared as a sterile aqueous ophthalmic solution. Compare to Alcaine®.

202102	Proparacaine Hydrochloride	0.5%	15mL
--------	----------------------------	------	------

**Tetracaine HCl** A topical anesthetic prepared as a sterile aqueous ophthalmic solution. Compare to Pontocaine®.

202201	Tetracaine Hydrochloride	0.5%	15mL
202202	Tetracaine Hydrochloride	0.5%	12 x 4mL

**Lidocaine HCl** An amino amide local anesthetic. Compare to Xylocaine®.

202301	Lidocaine Solution	4%	50mL
202501	Lidocaine Jelly	2%	5mL
202504	Lidocaine Jelly	2%	30mL
202502	Lidocaine Jelly Pre-Filled Syringe PF	2%	10mL

**Akten®** Lidocaine Hydrochloride Ophthalmic Gel. A viscous topical anesthetic.

202503	Akten® Gel	3.5%	1mL
--------	------------	------	-----

## Anesthetics, Injectable

**Lidocaine HCl** Amino amide local anesthetic. Compare to Xylocaine®.

203101	Lidocaine MDV	1%	20mL
203107	Lidocaine MDV	1%	50mL
203102	Lidocaine MDV	2%	20mL
203103	Lidocaine MDV	2%	50mL
203112	Lidocaine Preservative Free Vials	2%	25 x 5mL
203105	Lidocaine Preservative Free Ampule	4%	5mL
203110	Lidocaine with Epinephrine MDV	1%	50mL
203106	Lidocaine with Epinephrine MDV	2%	50mL

Full range of Xylocaine® also available.

## Comfortear® Lacrisolve® 180 Absorbable Punctum Plugs

**Comfortear® Lacrisolve® 180 Punctum Plugs** Comfortear® Lacrisolve® Absorbable Punctum Plugs provide occlusion therapy of the tear drainage system lasting approximately 180 days. **SEE AD ON PAGE 34**

501314	Lacrisolve® 180 Absorbable Punctal Plugs	0.4mm	1 Pair
501315	Lacrisolve® 180 Absorbable Punctal Plugs	0.5mm	1 Pair

## Comfortear® Punctum Plugs

### Inserters for Comfortear® Plugs

501405	Comfortear® Inserter	2/Pack	1 Pack
--------	----------------------	--------	--------

**Sterile Comfortear® Plugs** Comfortear® Punctum Plugs are packaged sterile and pre-loaded individually on the ergonomically designed Comfortear® Insertion Tool in an impact-minimizing tray. Packaged two (2) individual sterile trays per box. **SEE AD ON PAGE 42**

501400	Comfortear® Sterile Plugs	Pediatric	0.5mm	1 Pair
501401	Comfortear® Sterile Plugs	X-Small	0.6mm	1 Pair
501402	Comfortear® Sterile Plugs	Small	0.7mm	1 Pair
501403	Comfortear® Sterile Plugs	Medium	0.8mm	1 Pair
501404	Comfortear® Sterile Plugs	Large	0.9mm	1 Pair

**Non-Sterile Comfortear® Plugs** The economical bulk pack Comfortear® Plugs are packaged with one (1) inserter and twenty (20) non-sterile individual Comfortear® Plugs per poly bag. Assortment pack contains twenty four (24) plugs and one (1) inserter. Six (6) x-small, six (6) small, eight (8) medium, and four (4) large. **SEE AD ON PAGE 42**

501420	Comfortear® Non-Sterile Plugs	X-Small	0.6mm	10 Pair
501421	Comfortear® Non-Sterile Plugs	Small	0.7mm	10 Pair
501422	Comfortear® Non-Sterile Plugs	Medium	0.8mm	10 Pair
501423	Comfortear® Non-Sterile Plugs	Large	0.9mm	10 Pair
501428	Comfortear® Non-Sterile Plugs	Assortment		12 Pair

DRY EYE THERAPY

## Beaver-Visitec® Parasol® Punctal Occluders

**Parasol® Sterile Plugs** One pair of conveniently pre-loaded Parasol Punctal Plugs, utilizes an umbrella-like nose for ease of insertion and to help reduce the chance of pop-outs. 30-day pop-out guarantee.

502500	X-Small	0.25mm - 0.35mm	1 Pair
502501	Small	0.35mm - 0.65mm	1 Pair
502502	Medium	0.6mm - 0.85mm	1 Pair
502503	Large	0.75mm - 0.9mm	1 Pair

**Parasol® Non-Sterile Bulk Pack** Economical bulk packs provide 10 pairs per box. Reusable insertion instrument sold separately.

502101	Small	0.35mm - 0.65mm	10 Pairs
502102	Medium	0.6mm - 0.85mm	10 Pairs
502103	Large	0.75mm - 0.9mm	10 Pairs

**Parasol® Non-Sterile Bulk Combination Pack** 10 pairs per box. Contains 5 small and 5 medium.

502111	Sm (0.35mm - 0.65mm) Med (0.6mm - 0.85mm)	10 Pairs
--------	--	----------

### Size Comparison Chart

## Beaver-Visitec® Extend™ Punctal Occluders

**Extend™ Plugs** Absorbable synthetic implants provide occlusion for up to 3 months for patients experiencing short-term dry eye symptoms. Sterile.

503112	X-Small	0.2mm x 2.0mm	20/Box
503113	Small	0.3mm x 2.0mm	20/Box
503114	Medium	0.4mm x 2.0mm	20/Box
503115	Large	0.5mm x 2.0mm	20/Box
503110	Variety Pack	Sm(6), Med(8), Lg(6)	20/Box

## Beaver-Visitec® Micro-Flow Punctal Occluders

**Micro Flow™ Sterile Plugs** One pair of conveniently pre-loaded Micro Flow™ plugs. Designed to provide a simple, reversible means of partial occlusion. The Micro Flow™ plug limits the drainage of tears into the lacrimal duct.

502504	Small	0.4mm - 0.55mm	1 Pair
502505	Medium	0.55mm - 0.7mm	1 Pair
502506	Large	0.7mm - 0.85mm	1 Pair

**Micro Flow™ Non-Sterile Bulk Pack** Economical bulk pack provides 5 pair per box. Reusable insertion instrument sold separately.

502104	Small	0.4mm - 0.55mm	5 Pairs
502105	Medium	0.55mm - 0.7mm	5 Pairs
502106	Large	0.7mm - 0.85mm	5 Pairs

## Beaver-Visitec® Parasol® Quickload™ Punctal Occluders

**Parasol® Sterile Quickload™** Pre-mounted on plug stands color-coded by size. Reusable insertion instrument sold separately. Permanent plugs.

502401	Small (Red)	0.35mm - 0.65mm	8 Pairs
502402	Medium (Black)	0.6mm - 0.85mm	8 Pairs
502403	Large (Blue)	0.9mm +	8 Pairs
502404	Combo	4 Sm / 4 Med Pairs	8 Pairs

## Beaver-Visitec® Collagen Inserts

**Collagen Inserts** Dissolvable short-term plug that can help determine if punctal occlusion is right for the patient. Dissolves in 7-10 days.

502301	Small	0.2mm	60/Box
502302	Medium	0.3mm	60/Box
502303	Large	0.4mm	60/Box
502304	Combo	Sm (18), Med (24), Lg (18)	60/Box

## Beaver-Visitec® Reusable Inserter

**Reusable Insertion Instrument** High quality inserters for use with Beaver-Visitec Quickload and Non-Sterile Bulk occluders. Beaver-Visitec reusable inserters are autoclavable.

502001	Insertion Instrument		1 Pair
--------	----------------------	--	--------

## Lacrimedics® VisiPlug® Dissolvable Lacrimal Plugs

**VisiPlug® Dissolvable Lacrimal Plugs** Provides temporary medium-term occlusion therapy. Dissolves in approximately 4-6 months.

504314	Sterile Dissolvable Plugs	0.4mm	1 Pair
504315	Sterile Dissolvable Plugs	0.5mm	1 Pair

## Lacrimedics® Dissolvable Collagen Plugs

**Dissolvable Collagen Plugs** For short-term occlusion therapy and diagnosis of Dry Eye Disease. Dissolve in approximately 4-7 days. Forceps or similar devices required for insertion. Ten individual sterile packets per box. Six plugs per packet.

504333	Collagen Plugs	0.3mm	60/Box
504334	Collagen Plugs	0.4mm	60/Box
504335	Collagen Plugs	0.5mm	60/Box

# Set Your Sights On Ocular Health

## Phenylephrine Hydrochloride Ophthalmic Solution, USP 2.5% and 10%

### HIGHLIGHTS OF PRESCRIBING INFORMATION

These highlights do not include all the information needed to use Phenylephrine Hydrochloride Ophthalmic Solution, USP 2.5% and 10% safely and effectively. Refer to package insert on [www.paragonbiotech.com](http://www.paragonbiotech.com) for full prescribing information.

Phenylephrine Hydrochloride Ophthalmic Solution, USP 2.5% and 10%.  
Initial U.S. Approval: 1939

### INDICATIONS & USAGE

Phenylephrine Hydrochloride Ophthalmic Solution, USP 2.5% and 10% is an alpha-1 adrenergic receptor agonist indicated to dilate the pupil [1].

### DOSAGE & ADMINISTRATION

- For patients 1 year of age or older, apply one drop of Phenylephrine Hydrochloride Ophthalmic Solution, USP 2.5% or 10% at 3 to 5 minute intervals up to a maximum of 3 drops per eye [2.1].
- In pediatric patients less than 1 year of age, one drop of Phenylephrine Hydrochloride Ophthalmic Solution, USP 2.5% should be instilled at 3 to 5 minute intervals up to a maximum of 3 drops per eye [2.2].

### DOSAGE FORMS & STRENGTH

- 2.5% and 10% sterile ophthalmic solutions [3].

### CONTRAINDICATIONS

- Phenylephrine Hydrochloride Ophthalmic Solution, USP 10% is contraindicated in patients with hypertension, or thyrotoxicosis. Phenylephrine Hydrochloride Ophthalmic Solution, USP 2.5% should be used in these patients [4.1].
- Phenylephrine Hydrochloride Ophthalmic Solution, USP 10% is contraindicated in pediatric patients less than 1 year of age due to the increased risk of systemic toxicity. Phenylephrine Hydrochloride Ophthalmic Solution, USP 2.5% should be used in these patients [4.2].

### WARNINGS & PRECAUTIONS

- Not for injection. Topical ophthalmic use only [5.1].
- Reports of serious cardiovascular reactions, some fatal, with phenylephrine hydrochloride 10% solution. Monitor blood pressure in patients with cardiovascular disease [5.2].

- Significant elevations in blood pressure have been reported. Caution in pediatric patients less than 5 years of age, and in patients with elevated blood pressure [5.3].
- Rebound miosis has been reported one day after instillation [5.4].

### ADVERSE REACTIONS

- Ocular adverse reactions include eye pain and stinging on instillation, temporary blurred vision and photophobia [6.1].
- Cardiovascular adverse reactions include increase in blood pressure, syncope, myocardial infarction, tachycardia, arrhythmia and subarachnoid hemorrhage [6.2].

To report SUSPECTED ADVERSE REACTIONS, contact Paragon BioTeck, Inc. at 1-888-424-1192 or FDA at 1-800-FDA-1088 or [www.fda.gov/medwatch](http://www.fda.gov/medwatch).

### DRUG INTERACTIONS

- May exaggerate the adrenergic pressor response in patients taking atropine-like drugs [7.1].
- May potentiate the cardiovascular depressant effects of potent inhalation anesthetic agents [7.1].

### STORAGE

- Store in a refrigerator at 2° to 8°C (36° to 46°F).

For ordering information, please call **(866)752-6006**

# TOZAL<sup>®</sup>

COMPLETE EYE HEALTH FORMULA<sup>Δ</sup>

## Dietary Supplement Formulated to Support Ocular Health<sup>Δ</sup>

TOZAL<sup>®</sup> goes beyond the AREDS 2 formula to support ocular health<sup>Δ</sup> with a combination of Taurine, Omega-3 from fish oil, Lutein/Zeaxanthin, Zinc, Antioxidants, Vitamins A, B6, D3, and Folic Acid; and is beta-carotene free.

- Re-esterified triglyceride omega-3
- Study shows improved or stabilized vision in 3 out of 4 people who took Tozal<sup>Δ\*</sup>
- Actilease<sup>®</sup> beadlet technology for better dissolution<sup>Δ</sup>

TO ORDER CALL (866) 752-6006 OR VISIT [FocusLaboratories.com](http://FocusLaboratories.com)

# Zenoptiq™ Hypochlorous Acid Solution NOW Available *Without* a Prescription

zenoptiq™  
Hypochlorous Acid Solution

Zenoptiq is an all-natural, daily eyelid and eyelash cleanser that helps soothe red, itchy, crusty eyelids.

- Same strength as prescription brands
- 18-month shelf life
- SHATTERPROOF, PET bottle

Zenoptiq Hypochlorous Acid is an all-natural cleansing agent that gently cleanses the eyelids, removing debris and makeup.

- Non-toxic, Non-irritating
- All-natural (steroid and antibiotic free)
- Advanced Stabilized Formulation
- May reduce symptoms such as itch or inflammation

HELP YOUR PATIENTS TAKE COMMAND OF THEIR EYE HEALTH.

Zenoptiq has been shown to kill viruses, such as Adenoviruses (pink eye) and Herpes (ocular herpes), and 25 other tested microorganisms.\*

**TIME KILL TESTING**

**99.97% OR GREATER KILL RATE IN 30 SECONDS**

**REDUCES BACTERIA AND VIRUSES:**

Zenoptiq kills 99.99% of Adenoviruses within 30 seconds\*

As one of the most common eye infections worldwide, Adenoviral conjunctivitis, or pink eye, has more than 20 million cases reported each year in the United States alone.

Zenoptiq kills 99.99% of Escherichia coli O157: H within 30 seconds\*

Escherichia coli can produce ocular infections including corneal ulcer and endophthalmitis.

Zenoptiq kills 99.97% of Herpes (simplex virus type 1&2) within 30 seconds\*

Caused by the herpes simplex virus, eye herpes is a common, recurrent viral infection affecting the eyes. Herpes can range from a simple infection to a condition that can possibly cause blindness. The National Eye Institute says an estimated 400,000 Americans have experienced some form of ocular herpes, with close to 50,000 new and recurring cases each year.

**REDUCES ITCH AND INFLAMMATION:**

Zenoptiq kills 99.99% of Staphylococcus aureus within 30 seconds\*

Ocular Pruritus is a common symptom of several ocular surface diseases (including MGD, Blepharitis, and Dry Eye). Zenoptiq kills Staphylococcus aureus, which is the most common cause of exacerbation of Pruritus.

Also, the imbalance of microorganisms within the biofilm can lead to inflammation and potential for infection. Studies have shown that Hypochlorous Acid is especially effective at degrading the biofilm and neutralizing inflammatory mediators in the body which also reduces bacterial growth on the skin.

NAME OF ORGANISM	LOG REDUCTION (GREATER THAN)	KILL TIME	PERCENT REDUCTION
Acinetobacter baumannii MDR	5.42	30 seconds	99.99%

## The more you order, the more you save!

Volume Discount Pricing is available by calling our customer care representatives who will assist you in placing your order.

Call us at 866-752-6006.

# We're Expanding

Not only our product line of eye care supplies *but our website too!*

## Introducing THE NEW **FOCUSLABORATORIES.COM** WEBSITE

- Our new user-friendly design makes shopping quick and convenient.
- Search for a specific product by using the search bar and the quick search categories.
- Save time by using the Quick Cart, which allows you to save items you continually order or items you need for future use (see page 63), for quicker and easier ordering.

CHECK OUT OUR  
**MONTHLY SPECIALS**  
AND THE DEAL OF THE DAY SECTIONS!

### Tips to get you started:

#### 1 **New customers**

Welcome! To set up your account please complete the registration form by clicking REGISTER in the top right-hand corner.

#### 2 **Existing customers**

Use your same username and password to log in, nothing has changed here.

#### 3 **Pricing and Products**

To view pricing and to purchase products, access your Focus Laboratories account by clicking LOG IN at the top, right-hand corner of the page.

## Terms and Conditions

### Ordering

Online: [www.focuslaboratories.com](http://www.focuslaboratories.com)  
Telephone orders toll-free: (866) 752-6006  
Monday-Friday 7am to 7pm Central Time.  
Fax order: (501) 753-6021 anytime 7 days per week.  
Email: [orders@focuslaboratories.com](mailto:orders@focuslaboratories.com)

### Payment Terms

Terms are net 30 days on open accounts\*. Statements are sent monthly. Payments on statement or invoice may be made by check, money order, or major credit card. All major credit cards are accepted.

Ask about having your open account set for monthly credit card auto-payments.

Non-term accounts can pay with any major credit card.

\*To establish an open account, call (866) 752-6006.

### Shipping

Orders are shipped via ground unless otherwise specified. Shipping and handling charges will be added to your invoice.

You may also request Next Day, Next Day Early AM (8am), Second Day, 3 Day Select or Saturday delivery.

COD shipments also available.

### Special Orders

Special order items may take two weeks or more for delivery and are not returnable unless defective.

Please report any damaged shipments to delivery driver upon receipt to ensure proper credit.

Damages and discrepancies must be reported within 2 business days to receive credit or replacement.

### Return Goods Policy

All returns must have a Return Merchandise Authorization (RMA) number in order to receive credit. Please display the RMA number on the address label and include the RMA within the package. RMA numbers are valid for 7 business days following issuance.

For an RMA number, call customer service at (866) 752-6006

Ship returns to:

Focus Laboratories, Inc.  
11205 Richardson Drive  
North Little Rock, AR 72113

All returned merchandise is subject to the following terms:

- All returns are subject to a 15% restocking fee.
- Pharmaceuticals, emergency response items, special order items, and other sensitized products are not eligible for return.
- No merchandise is acceptable for return without original packaging, package insert, and product must be in resalable condition.
- Defective merchandise must be returned within 10 days.
- RMAs require a copy of the original invoice or invoice date and number for reference.
- We will not reimburse costs associated with any express/expedited shipping method.

Pharmaceuticals are not eligible for return.

No returns accepted after 30 days from date of invoice.

Discrepancies/Defective Items must be reported within 2 business days after delivery.

**NOTE:** Pricing, brand, image, description, and availability of products within this catalog are subject to change without notice. Items may be substituted for an equivalent product by a different manufacturer.

We have listed the most commonly ordered items and brands within this catalog. If you can't find the product you're looking for, we can help! We offer many stocked items not listed and can typically accommodate special orders on new products by request.

**Call us or visit us online for a full selection.**
